

TANGERINE ORGANIC GIN

ORGANIC, GIN

BIO082

Biostilla Organic Tangerine Gin is an authentic Gin with a full and genuine aroma. The perfect combination of organic Sicilian tangerine and typical Mediterranean Gin botanicals forms an intense, fresh and fruity flavor that reflects all the abundance of the Mediterranean coast. A unique taste experience in organic quality. Handcrafted, small-batch production.

Serving suggestion

For a perfect Gin Tonic we recommend pairing it with a classic tonic water. If you love fruity Gin Tonics use a Mediterranean tonic water instead.
