

WALNUT

LIQUEUR

9702

This traditional liqueur is crafted from fresh, handpicked green walnuts, carefully processed to preserve their full flavor. The result is a Walnut Liqueur with a rich, spicy, and earthy character. Its unique blend of distinct walnut notes and the subtle aromas of select spices creates a liqueur that is both smooth and full-bodied. Lightly bitter undertones balance perfectly with a velvety, almost balsamic sweetness. A slow, traditional maceration process brings out its deep, dark color and complex aromas. An authentic South Tyrolean specialty that warms the senses and delights the palate.
